IMMINENT CONSTRUCTION NOTIFICATION: FULTON ROAD WIDENING PROJECT, FROM GUERNEVILLE ROAD TO PINER ROAD

Dear Residents and/or Property Owners,

The City of Santa Rosa is contracting with the Ghilotti Bros / Vanguard Construction JV for the construction widening of Fulton Road from Guerneville Road to Piner Road. The Project will include the installation of two vehicle travel lanes in each direction, bike lanes, medians, widen sidewalks, curb ramp improvements, and landscape within the length of the Project's one-mile corridor on Fulton Road. The Project is anticipated to take approximately eighteen (18) months with an estimated start date of June 2022.

Completion of this project is vital to the integrity of our community infrastructure. Benefits of the Project include:

- Improving circulation, safety, and overall connectivity along Fulton Road.
- Improve sidewalks, ADA access, bicycle lanes, and access to public amenities.
- Enhancing corridor aesthetics with drought-tolerant median and roadside planting.
- Improve drainage facilities and stormwater quality features.

Though temporary impacts to your neighborhood are inevitable, our goal is to improve our community infrastructure without creating any more disturbance than necessary. The Contractor will not conduct any activities that generate noise earlier than 7:00 am to 7:00 pm, Monday - Friday. No lane closures will take place outside of these hours. The Contractor will be advised that daily and weekly activities such as mail delivery and garbage service must continue during the Project.
