

March 1, 2021

MONTGOMERY DRIVE WATER MAIN REPLACEMENT

Dear Residents:

The City of Santa Rosa is contracting with Argonaut Constructors for construction of the above referenced project. Construction will begin in late March 2021 and last approximately five to six months.

This project consists of replacing the existing 4" & 6" Water main between Mission Ave. and Jackson Dr. with a single 8" Water main. As part of this project, the City will also be replacing three Fire Hydrants and the existing water services; and relocating the Pressure relief valve to a location that will allow for easier access for maintenance. Two cross drain culverts at Jackson Drive and a section of storm drain located near Mission Blvd will be also be replaced.

Completion of this project is vital to the integrity of our community infrastructure. Some of the benefits this project will bring to your neighborhood include:

- Upgraded pipe materials to help improve the water system's performance.
- New water lines to help protect your home and property by improving water flows and pressure to fire hydrants.
- New storm drains to help protect your home and property by improving water flows from storm runoff.

Though temporary impacts to your neighborhood are inevitable, our goal is to improve our community infrastructure without creating any more disturbance than necessary. The Contractor will be advised that daily and weekly activities such as mail delivery and garbage service must continue during the project. If you have special needs regarding access, or if you have any questions or concerns, please contact me at the following number:

David Fradelizio, City Project Manager

707-543-3862, Office

If you are aware of other occupants on your property who may not receive this notice, please share this notice with them or contact me with their address and I will notify them directly.

In addition to written communications like this, the City has a special website where you can track the progress of this project. Simply go to www.srcity.org/CIP, view the map, and click on the blue map pin that corresponds to this project. You can also view the list of all Capital Improvement Program projects and find this project under Project ID No: 01675.

The City values your feedback. Please tell us how we did in your neighborhood by completing a post-construction survey. The survey will be delivered by a City representative to homes and businesses in close proximity to the construction site upon completion of this project. You may also access the survey online at www.srcity.org/construction.

Sincerely,

DAVID FRADELIZIO
Associate Civil Engineer
