S.M.A.R.T. HEARN AVENUE MULTI-USE PATH CROSSING

Dear Residents and/or Property Owners,

The City of Santa Rosa is contracting with St. Francis Electric Constructors for the installation of a signalized crosswalk at the Sonoma-Marin Area Rail Transit (SMART) railroad tracks located at Hearn Avenue. The crosswalk will be installed on the east side of the railroad tracks, which will require a portion of the existing median island to be removed to accommodate the crosswalk. The crosswalk will be connected to the railroad equipment to turn red in conjunction with the railroad crossing activation. Construction duration is anticipated to take three (3) months, with an estimated start date of January 2021.

Completion of this project is vital to the integrity of our community infrastructure. Many of the following benefits due to this project include:

- Providing an optimal and preferred locations for bicyclists and pedestrians to cross.
- Help designate right-of-way for motorists to yield to bicyclists and pedestrians.
- Provide a formalized mid-block crossings with markings and signal lighting that is visible to motorists.

Though temporary impacts to your neighborhood are inevitable, our goal is to improve our community infrastructure without creating any more disturbance than necessary. The Contractor will be advised that daily and weekly activities such as mail delivery and garbage service must continue during the project. If you have special needs regarding access, or if you have any questions or concerns, please contact the Construction Manager or me at the following numbers:

Mike Hendrickson, Construction Manager
Chris Catbagan, City Project Manager

(707) 373-2999 Cell
(707) 543-4521 Office

If you are aware of other occupants on your property who may not receive this notice, please share this notice with them or contact me with their address and I will notify them directly.

In addition to written communications like this, the City has created a special website where you can track the progress of this project. Simply go to www.srcity.org/CIP, view the map, and click on the blue map pin that corresponds to this project. You can also view the list of all Capital Improvement Program projects and find this project under Project ID No: 01727.

The City values your feedback. Please tell us how we did in your neighborhood by completing a post-construction survey. The survey will be delivered by a City representative to homes and businesses in close proximity to the construction site upon completion of this project. You may also access the survey online at www.srcity.org/construction.

Sincerely,

Chris Catbagan
