REMOVE SERVICES FROM S1 FEED FOUNTAINGROVE PKWY, MENDOCINO AVE TO ROUND BARN BLVD

Dear Residents:

The City of Santa Rosa is contracting with Terracon Constructors for construction of the above referenced project. Construction will begin in February 2017 and last approximately 5 weeks. This project will install approximately 500 feet of new 8 inch water main in Fountaingrove Parkway between Mendocino Avenue and Round Barn Boulevard to provide a new water service to the Extended Stay America Hotel (see reverse for Project Limits).

Completion of this project is vital to the integrity of our community infrastructure. Some of the benefits this project will bring to your neighborhood include:

- Improving water and sewer system's performance by upgrading pipe materials
- Improving fire suppression flows and pressures to fire hydrants
- Improving our water systems ability to meet community demands

Though temporary impacts to your neighborhood are inevitable, our goal is to improve our community infrastructure without creating any more disturbance than necessary. The Contractor will be advised that daily and weekly activities such as mail delivery and garbage service must continue during the project. If you have special needs regarding access, or if you have any questions or concerns, please contact the Construction Manager or me at the following numbers:

Frank Marshall, Construction Manager
Andy Allen, City Project Manager

(707)486-0189, Cell
(707)543-4291, Office

If you are aware of other occupants on your property who may not receive this notice, please share this notice with them or contact me with their address and I will notify them directly.

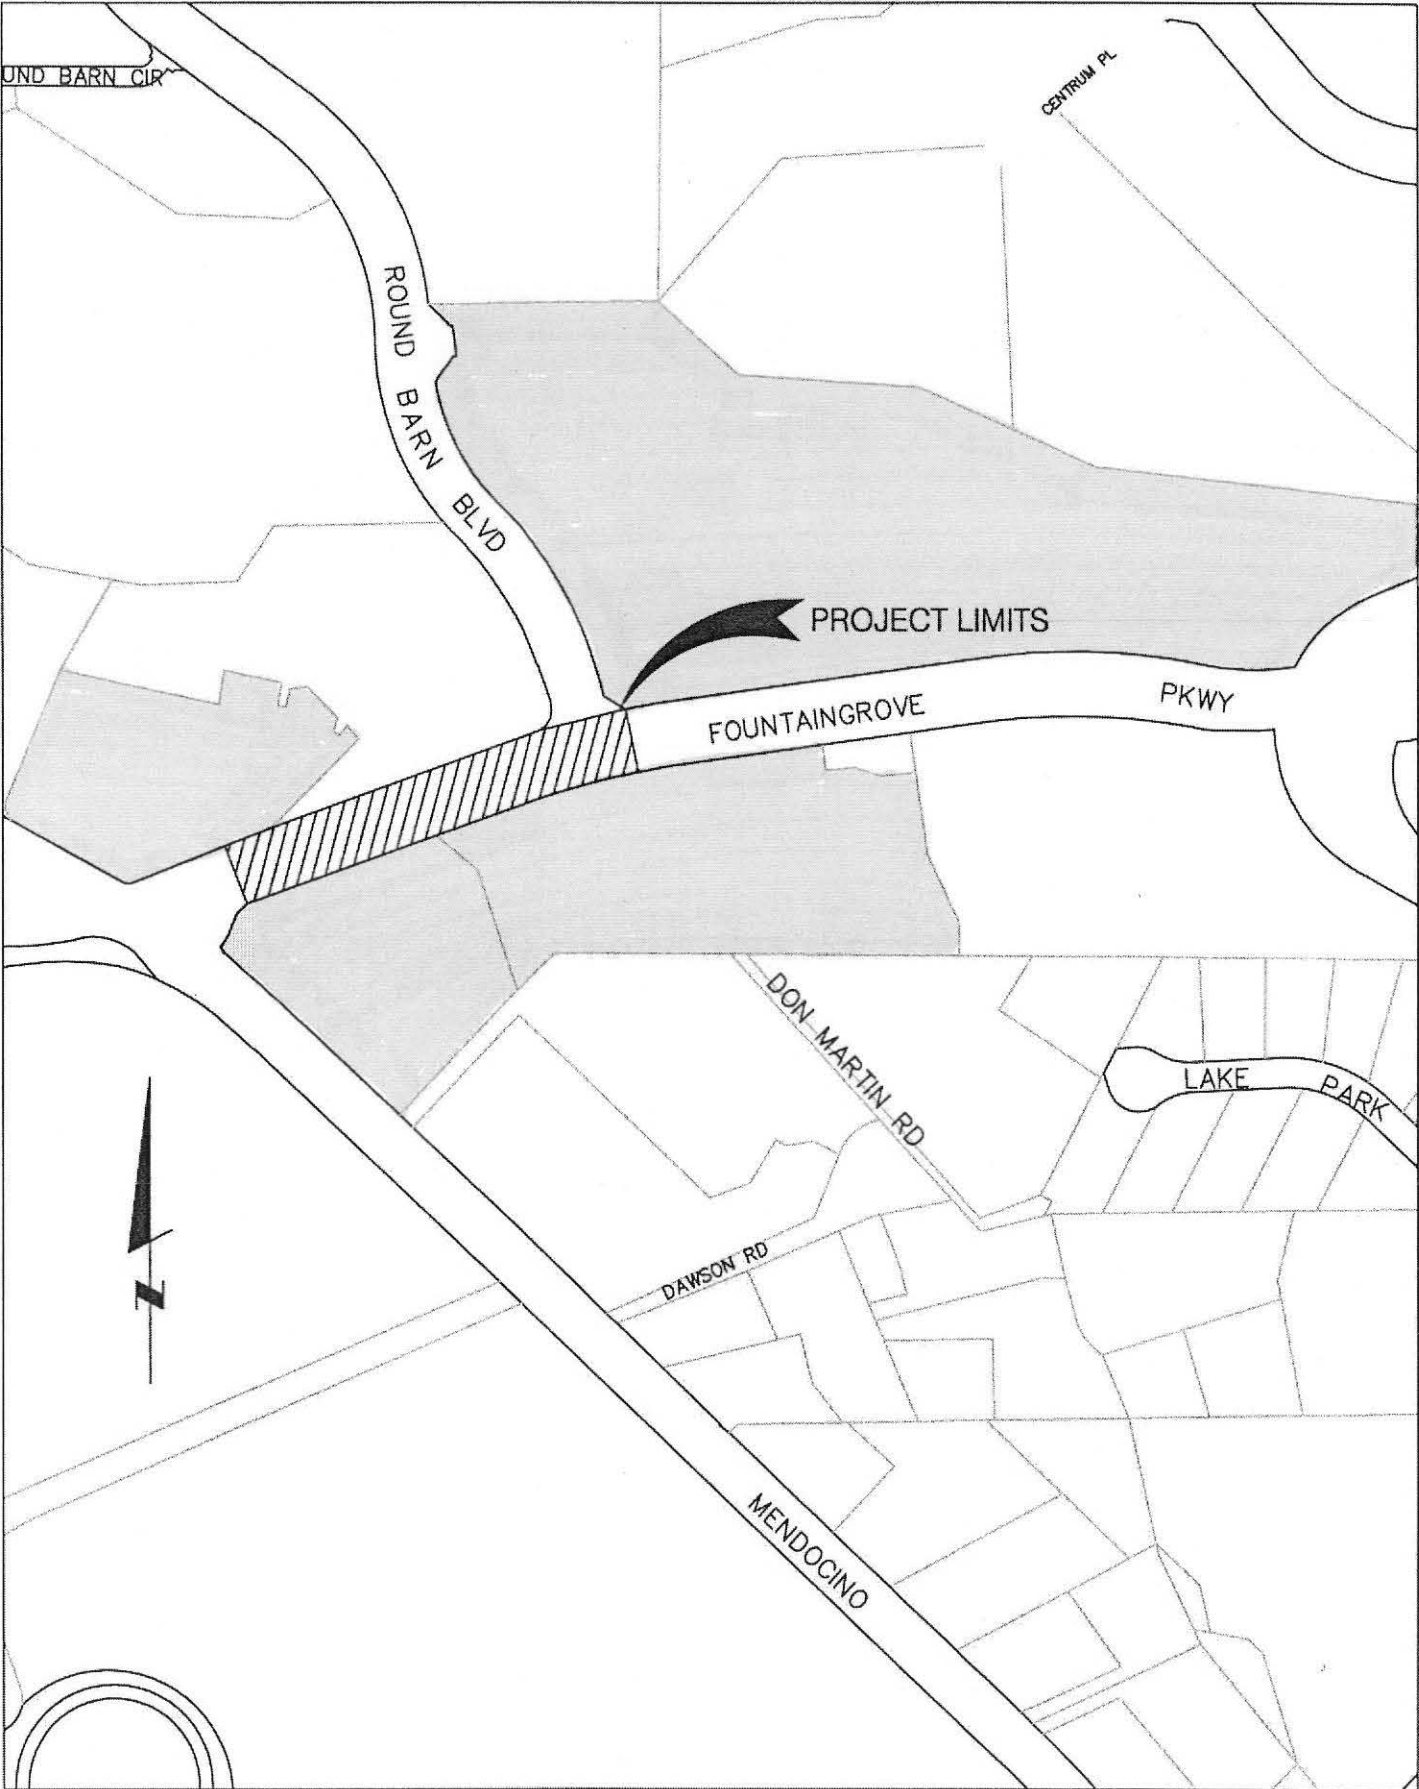

In addition to written communications like this, the City has a special website where you can track the progress of this project. Simply go to www.srcity.org/CIP, view the map, and click on the blue map pin that corresponds to this project. You can also view the list of all Capital Improvement Program projects and find this project under Project ID No: 01807.

The City values your feedback. Please tell us how we did in your neighborhood by completing a post-construction survey. The survey will be delivered by a City representative to homes and businesses in close proximity to the construction site upon completion of this project. You may also access the survey online at www.srcity.org/construction.

Sincerely,

ANDREW ALLEN
Supervising Engineer
