## **GUERNEVILLE ROAD PEDESTRIAN PATH**

Dear Residents/Owners:

The City of Santa Rosa is surveying this property and/or the neighboring properties to start design on a sidewalk gap closure project in the area. The surveying is anticipated to be periodic between June and August (see page 2 for Project Limits).

By closing the sidewalk gaps in your neighborhood, this project will provide improved pedestrian accessibility along the street. Continuous and accessible sidewalks improve mobility for all pedestrians and are particularly important for pedestrians with disabilities.

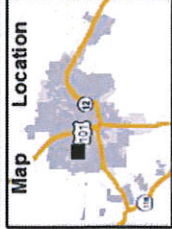

Though temporary impacts to your neighborhood are inevitable, our goal is to improve our community infrastructure without creating any more disturbance than necessary. The City Staff are aware that daily and weekly activities such as mail delivery and garbage service must continue during the surveying. Please feel free to contact me at (707) 543-3909 (or e-mail at [LWelsh@srcity.org](mailto:LWelsh@srcity.org)) if you have any questions or concerns.

If easement acquisitions are necessary by the City on your property, the City Right-of-Way Agent, Jill Scott, will be in contact with the property owner. Her contact information is (707) 543-4246 (or email at [JScott@srcity.org](mailto:JScott@srcity.org)). We will update you with another letter prior to other work in the area. In addition to written communications like this, the City has created a special website where you can track the progress of this project. Simply go to [www.srcity.org/CIP](http://www.srcity.org/CIP), view the list of all Capital Improvement Program projects and find this project under Project ID No: 01899.

Sincerely,  
/s/

LISA WELSH  
Associate Civil Engineer
