LOWER COLGAN CREEK RESTORATION - PHASE 2

Dear Residents:

The City of Santa Rosa is contracting with Team Ghilotti, Inc. for construction of the above referenced project. Construction will begin in June 2021 and last approximately 6 months.

This restoration project will restore 0.36 miles of straightened and denuded channel into a natural creek while still providing flood protection. The new alignment will allow the creek channel to have greater water retention during high demands. There will be structures installed to enhance aquatic life such as pools, boulders, large woody debris structures, willow plantings and over 1,000 native trees, shrubs and grasses. A multi-use pathway will be constructed along the western side of the channel (See reverse for project limits).

Though temporary impacts to your neighborhood are inevitable, our goal is to improve our community infrastructure without creating any more disturbance than necessary. The Contractor will be advised that daily and weekly activities such as mail delivery and garbage service must continue during the project. If you have special needs regarding access, or if you have any questions or concerns, please contact the Construction Manager at the following numbers:

| | |
|--|------------------------|
| Cory Rossow, Team Ghilotti Construction Manager | (415) 720-2012, Mobile |
| Jason Balatti, Green Valley Construction Manager | (707) 889-6678, Mobile |

If you are aware of other occupants on your property who may not receive this notice, please share this notice with them or contact me with their address and I will notify them directly.

In addition to written communications like this, the City has created a special website where you can track the progress of this project. Simply go to www.srcity.org/CIP, view the map, and click on the blue map pin that corresponds to this project. You can also view the list of all Capital Improvement Program projects and find this project under Project ID No: 01924.

The City values your feedback. Please tell us how we did in your neighborhood by completing a post-construction survey. The survey will be delivered by a City representative to homes and businesses in close proximity to the construction site upon completion of this project. You may also access the survey online at www.srcity.org/construction.

Sincerely,

Greg Dwyer (May 26, 2021 08:40 PDT)

GREGORY DWYER
Associate Civil Engineer
