**BUILDING DEMOLITION-VARIOUS CITY LOCATIONS
(Howarth Park)**

Dear Residents:

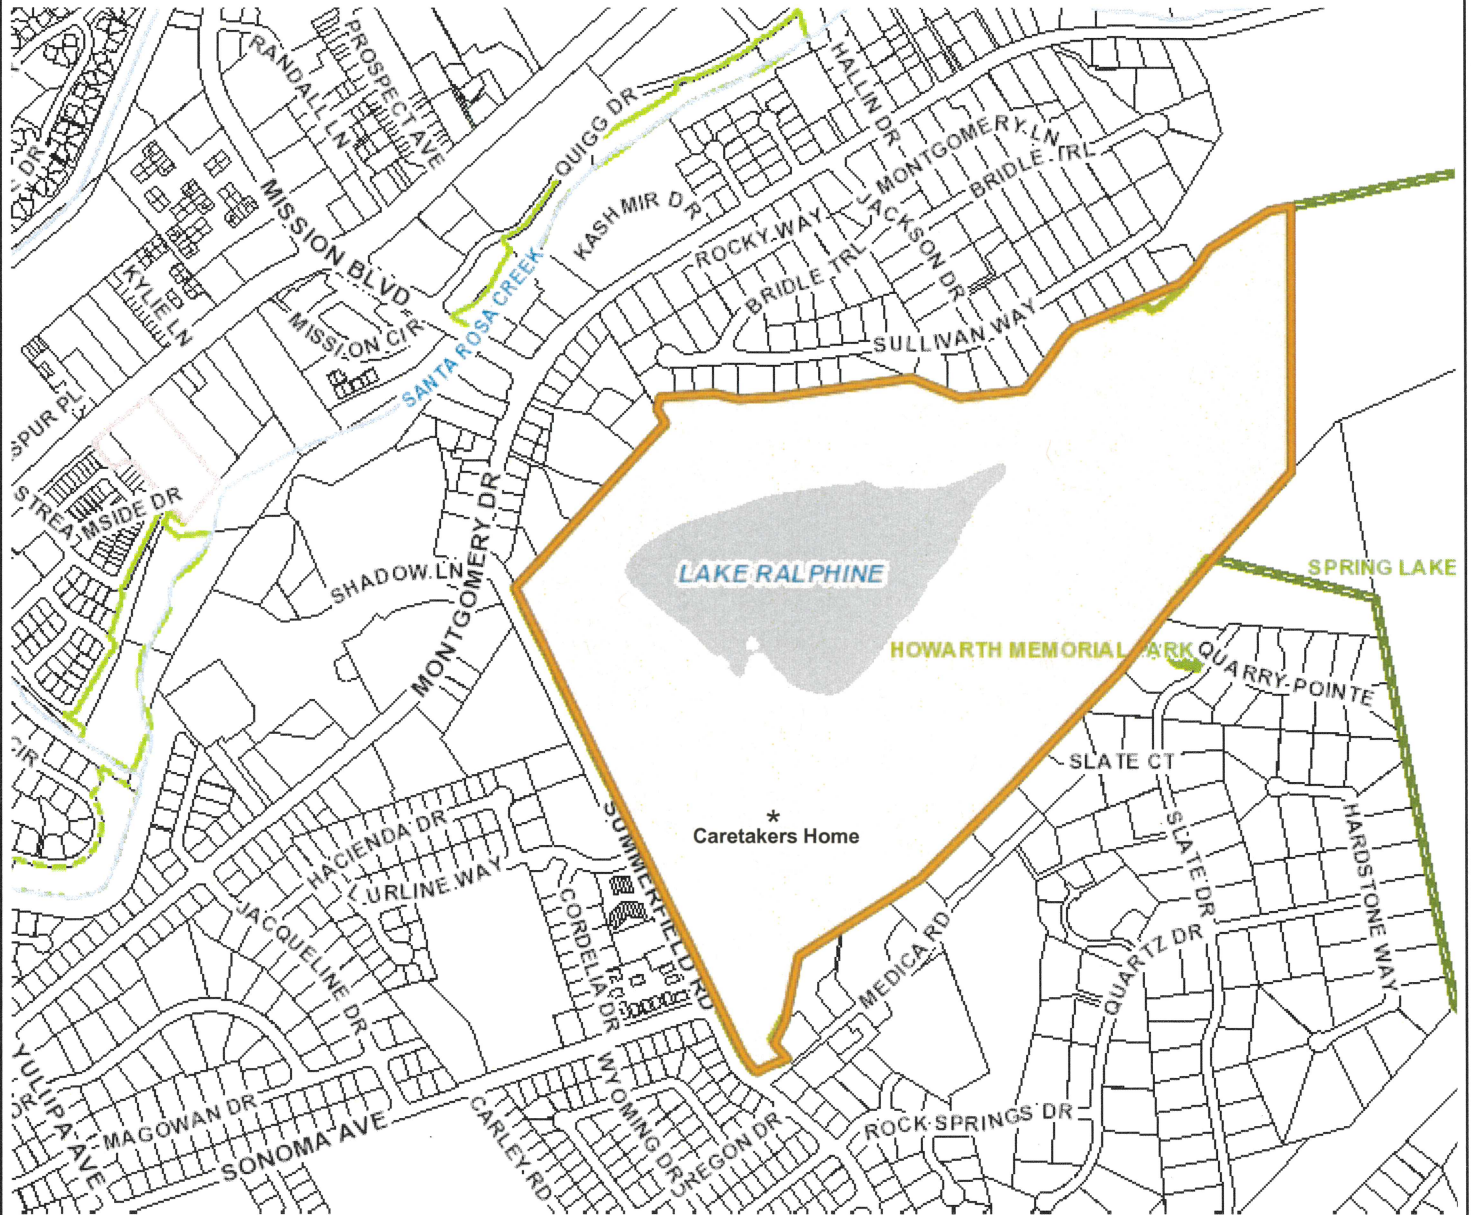

The City of Santa Rosa is preparing to demolish the “caretakers home” at Howarth Park. The building is being removed because it has out lived its useful life and would cost more to bring it up to current standards, than to build a new building. Removal of the buildings will open up addition land within the park. The building being removed is part of a larger project that will remove unused buildings throughout the City of Santa Rosa. The overall project is anticipated to take 15 weeks, with an estimated start date of June of 2019 (see reverse for Project Limits).

Though temporary impacts to your neighborhood and park are inevitable, our goal is to complete the work without creating any more disturbance than necessary. The Contractor will be advised that weekend work will not be allowed. Please feel free to contact me at (707)543-4508 (or e-mail at gbailey@srcity.org) if you have any questions or concerns.

We will update you with another letter approximately two weeks prior to the start of construction. In addition to written communications like this, the City has created a special website where you can track the progress of this project. Simply go to www.srcity.org/CIP, view the map, and click on the blue map pin that corresponds to this project. You can also view the list of all Capital Improvement Program projects and find this project under Project ID No: 02162.

Sincerely,

GRANT BAILEY, P.E.
Associate Civil Engineer

Howarth Park - Caretakers Home
