### Present Land Use/Zoning/General Plan Designation:

Zoning: RR-40 (City) & LEA/PF (County); General Plan Designation: Commerical (City) & LEA/PQR (County)

**Project Description:** (please use a separate page if necessary)

The City is proposing to conduct improvements to the Delta Pond connection during the dry season to meet the City's desired recycled water conveyance capacity of 50 million gallons per day. In addition, sediment that has built up over the permitted effluent diffuser will be removed by dredging sediment from and around the diffuser's nozzles. An existing gravel access road from Willowside Road would be improved as a part of the Proposed Project.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

**Reviewing Agencies Checklist**

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
If you have already sent your document to the agency please denote that with an "S".
