**PLANNED NEW MONITORING WELL INSTALLATION  
FREEWAY WELL PROJECT  
1304 CLEVELAND AVENUE, SANTA ROSA, CALIFORNIA**

Dear Resident(s)/Property Owner(s):

The City of Santa Rosa is contracting with Maggiora Bros. Drilling, Inc. for construction of the above referenced project. Construction will begin in October 2019, and last approximately 9 weeks. The project consists of installing a nested monitoring well at 1204 Cleveland Avenue that will be utilized to assess the viability of re-establishing the existing adjacent water supply well, referred to as the Freeway Well. (see reverse for Project Limits).

Completion of this project is vital to the integrity of our community infrastructure. Some of the benefits this project will bring to your neighborhood include additional water supply to meet City demands during the event of an emergency or disconnection from the Sonoma County Water Agency System.

Though temporary impacts to your neighborhood are inevitable, our goal is to improve our community infrastructure without creating any more disturbance than necessary. The Contractor will be advised that daily and weekly activities such as mail delivery and garbage service must continue during the project. The drilling rig will operate primarily between the hours of 7am-7pm with potentially fifteen, 24-hour days. If you have special needs regarding access, or if you have any questions or concerns, please contact the Construction Manager or me at the following numbers:

Mimi Arvin, Construction Manager	(707) 543-3914, Office
	(707) 953-7298, Cell
Erich Rauber, City Project Manager	(707) 543-3847, Office

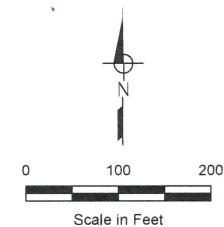

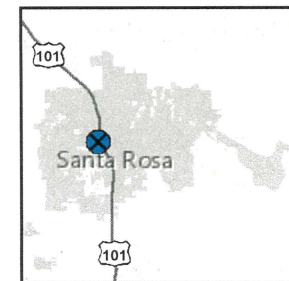

If you are aware of other occupants on your property who may not receive this notice, please share this notice with them or contact me with their address and I will notify them directly.

In addition to written communications like this, the City has created a special website where you can track the progress of this project. Simply go to [www.srcity.org/CIP](http://www.srcity.org/CIP), view the map, and click on the blue map pin that corresponds to this project. You can also view the list of all Capital Improvement Program projects and find this project under Project ID No: 02204.

The City values your feedback. Please tell us how we did in your neighborhood by completing a post-construction survey. The survey will be delivered by a City representative to homes and businesses in close proximity to the construction site upon completion of this project. You may also access the survey online at [www.srcity.org/construction](http://www.srcity.org/construction).

Sincerely,

J. ERICH RAUBER, PE, GE  
Supervising Engineer
