SOUTH DAVIS NEIGHBORHOOD PARK PLAY AREA REVITALIZATION PROJECT

Dear Residents:

The City of Santa Rosa is finalizing construction plans to revitalize South Davis Park. The project will include a new play area with playground equipment for 2-5- and 5-12-year-olds featuring a zipline, an accessible trail around the play area, benches, a picnic area, lighting, bike racks, and fencing. This project will also involve the removal of hazardous trees and installation of a new sidewalk, curb and gutter. The project is anticipated to take 5 months, with an estimated start date of October 2025 (see reverse for Project Limits Map).

Completion of this project is vital to the integrity of our community infrastructure. Some of the benefits this project will bring to your neighborhood include:

- Creating a more comfortable public space by adding fencing between the play area and South Davis Street, placing low-level LED lighting between the play area and the Caltrans wall, and removing hazardous trees;
- Making the park more inclusive by adding ADA accessible picnic tables, pathways, and play features; and
- Providing permanent waste enclosures to help keep the park clean.

Though temporary impacts to your neighborhood are inevitable, our goal is to improve our community infrastructure without creating any more disturbance than necessary. The Contractor will be advised that daily and weekly activities such as mail delivery and garbage service must continue during the project and provide adequate notices for lane closures and parking restrictions. Please feel free to contact me at (707)543-3864 (or e-mail at FOng@srcity.org) if you have any questions or concerns.

We will update you with another letter approximately two weeks prior to the start of construction. In addition to written communications like this, the City has created a special website where you can track the progress of this project. Simply go to www.srcity.org/CIP, view the map, and click on the blue map pin that corresponds to this project. You can also view the list of all Capital Improvement Program projects and find this project under Project ID No: 02215.

Sincerely,

Felicia Ong (Jul 8, 2025 08:47 PDT)
