SOUTH DAVIS NEIGHBORHOOD PARK PLAY AREA REVITALIZATION PROJECT

Dear Residents:

The City of Santa Rosa is contracting with Hanford Applied Restoration & Conservation of Petaluma, California for construction of the above referenced project. Construction will begin in October 2025 and last approximately 5 months. This project includes a new play area with playground equipment for 2-5- and 5–12-year-olds, an accessible trail around the play area, benches, a picnic area, lighting, a bike rack, and fencing. This project will also involve the removal of hazardous trees and installation of new sidewalk, curb, and gutter. (See reverse for Project Limits).

Completion of this project is vital to the integrity of our community infrastructure. Some of the benefits this project will bring to your neighborhood include:

- Creating a more comfortable public space by adding fencing between the play area and South Davis Street, placing low-level lighting between the play area and the Caltrans wall, and removing hazardous trees;
- Making the park more inclusive by adding ADA accessible picnic tables, pathways, and play features; and
- Providing permanent waste enclosures to help keep the park clean.

Though temporary impacts to your neighborhood are inevitable, our goal is to improve our community infrastructure without creating any more disturbance than necessary. The Contractor will be advised that daily and weekly activities such as mail delivery and garbage service must continue during the project and provide adequate notices for lane closures and parking restrictions. If you have special needs regarding access, or if you have any questions or concerns, please contact the Construction Manager or me at the following numbers:

Mimi Arvin, Construction Manager
Felicia Ong, City Project Manager

(707) 579-0388, Office
(707) 543-3864, Office

If you are aware of other occupants on your property who may not receive this notice, please share this notice with them or contact me with their address and I will notify them directly.

In addition to written communications like this, the City has created a special website where you can track the progress of this project. Simply go to www.srcity.org/CIP, view the map, and click on the blue map pin that corresponds to this project. You can also view the list of all Capital Improvement Program projects and find this project under Project ID No: 02215.

The City values your feedback. Please tell us how we did in your neighborhood by completing a post-construction survey. The survey will be delivered by a City representative to homes and businesses in close proximity to the construction site upon completion of this project. You may also access the survey online at www.srcity.org/construction.

Sincerely,

Felicia Ong
