RE: CALISTOGA ROAD RECONSTRUCTION – MONTECITO BLVD TO HIGHWAY 12

Dear Residents and Businesses:

The City of Santa Rosa is finalizing building plans to construct the Calistoga Road Reconstruction project between Montecito Boulevard and Highway 12 (see attached for Project Limits). The project duration is estimated at 15 months, with an estimated start date of Spring 2026.

Completion of this project is vital to the integrity of our community infrastructure. Some of the benefits this project will bring to your neighborhood include:

- Reconstruction of Calistoga Road from Montecito Blvd to Highway 12
- Addition of buffered and/or protected bike lanes
- Upgrading curb ramps to current accessibility standards
- Upgrading sewer and water system infrastructure

Though temporary impacts to your neighborhood are inevitable, our goal is to improve our community infrastructure without creating any more disturbance than necessary. The Contractor will be advised that daily and weekly activities such as mail delivery and garbage service must continue during the project. Please feel free to contact me at (707) 543-3865 or email pporata@srcity.org if you have any questions or concerns.

We will update you with another letter approximately two weeks prior to the start of construction. In addition to written communications like this, the City has created a special website where you can track the progress of this project. Simply go to www.srcity.org/CIP, view the map, and click on the blue map pin that corresponds to this project. You can also view the list of all Capital Improvement Program projects and find this project under Project ID No: 02263.

Sincerely,

A handwritten signature in blue ink, appearing to read "Peter Porata".

PETER PORATA, P.E.
Associate Civil Engineer
