COURTHOUSE SQUARE BOLLARDS & 4TH STREET CURB RAMPS

Dear Residents:

The City of Santa Rosa contracted with M3 Integrated Services, Inc. to install traffic rated bollards at Courthouse Square which was completed in July 2021. M3 Integrated services has been contracted to perform additional work under this contract to replace curb ramps at the corners of 4th Street and Mendocino Avenue and 4th Street and Courthouse Square West in front of La Rosa Restaurant. Construction will begin on February 7, 2022, and last approximately 3 weeks, depending on weather conditions.

Though temporary impacts to the area are inevitable, our goal is to improve our community infrastructure and usability without creating any more disturbance than necessary. The Contractor will maintain daily and weekly activities such as mail delivery and garbage service during the project. Courthouse Square will remain open during construction activities and access will be maintained to residences and businesses adjacent to the curb ramps throughout the duration of work. If you have special needs regarding access, or if you have any questions or concerns, please contact the Construction Manager or myself at the following numbers:

Matt McKamey, Construction Manager	(707) 791-7884, Office
Grant Bailey, City Project Manager	(707) 543-4508, Office

If you are aware of other occupants on your property who may not receive this notice, please share this notice with them or contact me with their address and I will notify them directly.

In addition to written communications like this, the City has created a special website where you can track the progress of this project. Simply go to www.srcity.org/CIP, view the map, and click on the blue map pin that corresponds to this project. You can also view the list of all Capital Improvement Program projects and find this project under Project ID No: 02312.

The City values your feedback. Please tell us how we did in your neighborhood by completing a post-construction survey. The survey will be mailed to homes and businesses in close proximity to the construction site upon completion of this project. You may also access the survey online at www.srcity.org/construction.

Sincerely,

GRANT BAILEY, P.E.
Supervising Engineer
