**RE: B STREET AND 3RD STREET RIGHT HAND TURN POCKET IMPROVEMENTS
CIP CONTRACT NUMBER: C02408**

Dear Residents & Business Owners:

The City of Santa Rosa is contracting with Argonaut Constructors for construction of the above referenced project. The B Street and 3rd Street Right Hand Turn Pocket Improvements project will consist of constructing a new right turn pocket lane in the south bound direction of B Street at the 3rd Street intersection (see reverse for Project Limits). Construction will begin Spring 2026 and last approximately two to three months.

Completion of this project is vital to the integrity of our community infrastructure. Some of the benefits this project will bring to your neighborhood include:

- Increased traffic flows through the B Street and 3rd Street intersection
- Installation of a new bike lane at the turn pocket location
- Installation of new curb, gutter, and sidewalk in the area

Though temporary impacts to your neighborhood are inevitable, our goal is to improve our community infrastructure without creating any more disturbance than necessary. The Contractor will be advised that daily and weekly activities such as mail delivery and garbage service must continue during the project. If you have special needs regarding access, or if you have any questions or concerns, please contact the Construction Manager or me at the following numbers:

Jesus Fernandez, Contractor Project Manager (707)542-4862, Office
Peter Porata, City Project Manager (707)543-3865, Office

If you are aware of other occupants on your property who may not receive this notice, please share this notice with them or contact me with their address and I will notify them directly.

In addition to written communications like this, the City has created a special website where you can track the progress of this project. Simply go to www.srcity.org/CIP, view the map, and click on the blue map pin that corresponds to this project. You can also view the list of all Capital Improvement Program projects and find this project under Project ID No: 02408.

Sincerely,

PETER PORATA, P.E.
Associate Civil Engineer
