PACIFIC AVE RECONSTRUCTION - HUMBOLDT ST TO MONTECITO AVE

Dear Residents:

The City of Santa Rosa is contracting with Argonaut Constructors for construction of the above referenced project. Construction is expected to begin in November 2020 and last approximately one (1) year. The project will reconstruct Pacific Avenue between Humboldt Street and Montecito Avenue. The project will also include:

- Curb ramps will be reconstructed at all intersections to meet current accessibility standards.
- Replacement of sections of sewer main, water main, hydrants and services.
- Drainage improvements
- Rectangular Rapid Flashing Beacon (RRFB) systems at Pacific Avenue & King Street, Pacific Avenue & Elizabeth Way/Spring Street and Pacific Avenue & Beaver Street intersections.
- Traffic signal improvements at Humboldt Street, North Street and McDonald Avenue.
- Tree removal with stump grinding

This project is funded by SB1 the Road Repair and Accountability Act. (see included map for Project Limits)

Completion of this project is vital to the integrity of our community infrastructure. Some of the benefits this project will bring to your neighborhood include:

- Curb ramp replacement: meeting current Americans with Disabilities (ADA) requirements
- Replacing nonductile water main material with ductile water mains: better able to withstand high earthquake loading due to its proximity to an active fault line.
- Full reconstruction of road to improve usability of the roadway surface.
- RRFB systems to improve pedestrian visibility crossing at King St., Beaver St. and Elizabeth Way/Spring Street
- Traffic signal improvements to improve traffic signal responses for vehicle and bicycle users at Humboldt Street, North Street and McDonald Avenue intersections.
- Replacing outdated storm drain systems reaching their life expectancy.

Though temporary impacts to your neighborhood are inevitable, our goal is to improve our community infrastructure without creating any more disturbance than necessary. The Contractor will be advised that daily and weekly activities such as mail delivery and garbage service must continue

during the project. If you have special needs regarding access, or if you have any questions or concerns, please contact the Construction Manager or me at the following numbers:

Jason Balatti, Construction Manager
Lisa Welsh, City Project Manager

(707)579-0388, Office
(707)543-3909, Office

If you are aware of other occupants on your property who may not receive this notice, please share this notice with them or contact me with their address and I will notify them directly.

In addition to written communications like this, the City has created a special website where you can track the progress of this project. Simply go to www.srcity.org/CIP, view the map, and click on the blue map pin that corresponds to this project. You can also view the list of all Capital Improvement Program projects and find this project under Project ID No: 0661.

The City values your feedback. Please tell us how we did in your neighborhood by completing a post-construction survey. The survey will be delivered by a City representative to homes and businesses in close proximity to the construction site upon completion of this project. You may also access the survey online at www.srcity.org/construction.

Sincerely,

Lisa Welsh (Oct 27, 2020 15:46 PDT)
