**STONY POINT ROAD WIDENING AND RECONSTRUCTION
PHASE 2 – SEBASTOPOL ROAD TO HEARN AVENUE
CONTRACT NO.: C00727**

Dear Residents:

The City of Santa Rosa has contracted with Bay Cities Paving & Grading, Inc. of Concord, California for construction of the above-referenced project. Construction is scheduled to begin on August 24, 2015 and continue through November 2016, pending any weather delays. Work will typically occur Monday through Friday between the hours of 7:00 a.m. and 5:00 p.m. However, night work may be necessary to reduce impact during peak commute hours. Additionally, specific construction operations may necessitate detours or partial closures. Should detours or partial closures be necessary, additional notification and signing will be provided.

When complete the project will have reconstructed Stony Point Road from Sebastopol Road to south of Hearn Avenue by adding travel lanes in both directions in addition to safety elements such as a new traffic signal at Lazzini Avenue and two pedestrian crossing flashers, one at Roseland Creek and the other at Mesa Way. The project also will have added landscaped medians with left turn pockets along with planter strips between the roadway and the sidewalks. Additionally, sidewalks and bicycle lanes will have been added where they do not currently exist. The utilities will have been improved by adding, replacing, and upgrading selected water, sewer and storm drain facilities.

We recognize this construction project will impact traffic and parking in your neighborhood at different times throughout the course of construction. Regardless, the contractor will be advised that daily and weekly activities such as mail delivery and garbage service must continue during construction. If you have special needs regarding access, or if you have any questions, comments, or other concerns – now or during construction – please contact the project hotline, the Construction Manager or me at the following numbers:

PROJECT HOTLINE: (707) 535-0799

Ernest Ezeoha, Harris and Associates, Inc., Construction Manager - (707) 217-0884
Clay Thistle, City of Santa Rosa Project Manager - (707) 543-3855
