CITY OF SANTA ROSA

STONY POINT ROAD RECONSTRUCTION AND WIDENING

PHASE 2 – SEBASTOPOL ROAD TO HEARN AVENUE

City Project No.: C00727

Bay Cities Paving & Grading, Inc. of Concord is scheduled to begin work on the Stony Point Road Reconstruction and Widening Phase 2 - Sebastopol Road to Hearn Avenue project.

The project will reconstruct Stony Point Road by adding travel lanes in both directions in addition to safety elements such as a new traffic signal at Lazzini Avenue and two pedestrian crossing flashers, one at Roseland Creek and the other at Mesa Way. The project will also add landscaped medians with left turn pockets and planter strips between the roadway and the sidewalks. Additionally, sidewalks and bicycle lanes will be added where they do not currently exist. The utility improvements will consist of adding and improving selected water and sewer facilities and upgrading portions of the storm drain.

Work is scheduled to begin on August 24, 2015 and continue through November 2016, pending any weather delays, with working hours from 8:00 AM to 5:00 PM Monday through Friday.

It will be necessary to restrict parking at various times and locations throughout the duration of the project. Please look for "No Parking" signs which will be posted a minimum of 72 hours prior to these activities. These "No Parking" signs will specify the dates and hours of restricted parking. It is critical that no cars remain parked on the street in posted areas during the indicated times.

Traffic delays should be expected during working hours. There will be traffic and pedestrian handling procedures in place to minimize any inconveniences that may be caused by construction; however, we recommend using alternate routes where possible.

All residents will have access to their driveways except for the time that paving is being performed directly in front of their driveway. **Emergency access will always be provided.**

Please note that garbage service will continue to be on the regular day; please put your containers out the night before as usual. All postal services will also continue daily.
