

June 4, 2026

**ROBLES TRUNK LINING - PHASE 1**  
**CIP Project Number: C02114**

Dear Residents:

The City of Santa Rosa is contracting with SAK Construction, LLC for construction of the above referenced project. Construction will begin June 15, 2026 and is weather dependent. The working hours will be between 7:00 a.m. – 7:00 p.m on Monday through Friday. This project will re-line the existing aged Robles Sewer Trunk Line (see reverse for Project Limits).

Completion of this project is vital to the integrity of our community infrastructure. Some of the benefits this project will bring to your neighborhood include:

- Strengthening the life of the sewer trunk line to avoid having to dig and replace the entirety of the pipe line
- Significantly reducing the need for repairs, and reduce groundwater infiltration into the sewer system, which helps maintain the effectiveness of our Wastewater Treatment Plant
- Preventing future breaks and problems
- Reducing maintenance costs

Though temporary impacts to your neighborhood are inevitable, our goal is to improve our community infrastructure without creating any more disturbance than necessary. The Contractor will be advised that daily and weekly activities such as mail delivery and garbage service must continue during the project. If you have special needs regarding access, or if you have any questions or concerns, please contact the Construction Manager or me at the following numbers:

Matt Vail, Construction Manager	(707) 763-7020, Office
Lucas Bishop, City Project Manager	(707) 543-3861, Office

If you are aware of other occupants on your property who may not receive this notice, please share this notice with them or contact me with their address and I will notify them directly.

In addition to written communications like this, the City has a special website where you can track the progress of this project. Simply go to [www.srcity.org/CIP](http://www.srcity.org/CIP), view the map, and click on the blue map pin that corresponds to this project. You can also view the list of all Capital Improvement Program projects and find this project under Project ID No: 02114.

The City values your feedback. Please tell us how we did in your neighborhood by completing a post-construction survey. You may access the survey online at [www.srcity.org/construction](http://www.srcity.org/construction).

Sincerely,

LUCAS BISHOP  
Assistant Engineer
