**REQUEST FOR STATEMENTS OF QUALIFICATIONS  
EMERGENCY GROUNDWATER SUPPLY INVESTIGATION, WELL SITING, DESIGN AND  
CONSTRUCTION MANAGEMENT SERVICES**

Dear Consultant:

The City of Santa Rosa's Capital Projects Engineering Division is soliciting Statements of Qualifications (SOQ) from consulting firms for emergency groundwater supply investigation services. These services would be supplied under a Master Professional Services Agreement (MPSA) and are anticipated to be ongoing for multiple years. Specific Project Work Orders will be issued for the work to be performed under the MPSA.

The SOQs will be reviewed by a Review Board. The most qualified firms may be invited to an oral interview with a Review Board or the selected firm may be selected on the basis of the SOQ only. For your information, a sample of the proposed MPSA is attached.

**BACKGROUND**

In late 2003, the City developed an exploratory groundwater program to study the City's groundwater sub-basins, establish a more thorough understanding of the hydrogeologic conditions underlying the City, and investigate and evaluate potential future emergency well sites within the City's Urban Growth Boundary. To date, eight test borings (test wells) have been installed and tested and are being monitored by the City. This exploratory program will continue to assist in identifying locations for new emergency wells in the City.

The City adopted a Groundwater Master Plan in September 2013 that included several recommended policies and projects relevant to this Request for SOQ:

- Providing and maintaining emergency groundwater pumping capacity of 12.7 million gallons per day (mgd) to meet existing and future health and safety demands should the City's other water supplies become restricted or be shut down due to an emergency. The City's current emergency groundwater supply is about 4.3 mgd. The City's need for additional emergency groundwater pumping capacity is about 8.4 mgd.
- Continuing the City's Emergency Test Well Siting Program.
- Evaluating the feasibility of Aquifer Storage and Recovery (ASR) in localized areas of the City to meet localized needs.
- Constructing four emergency wells (two in Central City Master Zone, one in the vicinity of Martha and Slater test well sites to serve Central City Master Zone, and one in Oakmont/S-12 Master Zone) within the next 2 to 3 years.

The Groundwater Master Plan and information about the Emergency Investigation Program are available at [srcity.org/groundwater](http://srcity.org/groundwater).

Failure by Consultant to (i) maintain or renew coverage, (ii) provide City notice of any changes, modifications, or reductions in coverage, or (iii) provide evidence of renewal, may be treated by City as a material breach of this Agreement by Consultant, whereupon City shall be entitled to all rights and remedies at law or in equity, including but not limited to immediate termination of this Agreement. Notwithstanding the foregoing, any failure by Consultant to maintain required insurance coverage shall not excuse or alleviate Consultant from any of its other duties or obligations under this Agreement. In the event Consultant, with approval of City pursuant to Section 6 below, retains or utilizes any subcontractors or subconsultants in the provision of any services to City under this Agreement, Consultant shall assure that any such subcontractor has first obtained, and shall maintain, all of the insurance coverage requirements set forth in the Insurance Requirements in Attachment One.

This Agreement and any specific Project Work Order may be terminated by either party by giving ten (10) days written notice to the other party of its intent to terminate the Agreement or Project Work Order, as the case may be. A notice of termination, terminating the Agreement shall effect a termination of any and all outstanding Project Work Orders, unless otherwise specified in such notice. A notice of termination with respect to a Project Work Order only shall not effect a termination of this Agreement, nor any other outstanding Project Work Order.

b. ## **12. TIME OF PERFORMANCE**

Consultant shall not begin work under this Agreement until the full execution and receipt of a written Project Work Order and a notice to proceed from City, but in no event prior to delivering a fully executed agreement and Project Work Order to City and obtaining and delivering the required insurance coverage, and satisfactory evidence thereof, to City. ## **14. CONFLICTS OF INTEREST**

Consultant covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, that would conflict in any manner with the interests of City or that would in any way hinder Consultant's performance of services under this Agreement or any Project Work Order. Consultant further covenants that in the performance of this Agreement or any Project Work Order, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor, without the written consent of City. Consultant agrees to avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City at all times during the performance of this Agreement and all Project Work Orders.

## **15. CONFLICT OF INTEREST REQUIREMENTS**

The City's Conflict of Interest Code requires that individuals who qualify as "consultants" under the Political Reform Act, California Government Code sections 87200 *et seq.*, comply with the conflict of interest provisions of the Political Reform Act and the City's Conflict of Interest Code, which generally prohibit individuals from making or participating in the making of decisions that will have a material financial effect on their economic interests. The term "consultant" generally includes individuals who make governmental decisions or who serve in a staff capacity. In the event that the City determines, in its sole discretion, that Consultant is a "consultant" under the Political Reform Act, Consultant shall cause the following to occur within 30 days after execution of the applicable Project Work Order: (1) Identify the individuals who will provide services or perform work under the Project Work Order as "consultants," and (2) Cause these individuals to file with the City's Representative the "assuming office" statements of economic interests required by the City's Conflict of Interest Code. Thereafter, throughout the term of the Project Work Order, Consultant shall cause these individuals to file with the City Representative annual statements of economic interests, and "leaving office" statements of economic interests, as required by the City's Conflict of Interest Code. The above statements of economic interests are public records subject to public disclosure under the California Public Records Act. The City may withhold all or a portion of any payment due under this Agreement until all required statements are filed.

## **16. CONFIDENTIALITY OF CITY INFORMATION**

During performance of this Agreement, Consultant may gain access to and use City information regarding inventions, machinery, products, prices, apparatus, costs, discounts, future plans, business affairs, governmental affairs, processes, trade secrets, technical matters, systems, facilities, customer lists, product design, copyright, data, and other vital information (hereafter collectively referred to as "City Information") that are valuable, special and unique assets of the City. Consultant agrees to protect all City Information and treat it as strictly confidential, and further agrees that Consultant shall not at any time, either directly or indirectly, divulge, disclose or communicate in any manner any City Information to any third party without the prior written consent of City. In addition, Consultant shall comply with all City policies governing the use of the City network and technology systems. A violation by Consultant of this Section 16 shall be a material violation of this Agreement and shall justify legal and/or equitable relief.

## **17. CONSULTANT INFORMATION**

a. City shall have full ownership and control, including ownership of any copyrights, of all information prepared, produced, or provided by Consultant pursuant to this Agreement. In this Agreement, the term "information" shall be construed to mean and include: any and all work product, submittals, reports, plans, specifications, and other deliverables consisting of documents, writings, handwritings, typewriting, printing, photostatting, photographing, computer models, and any other computerized data and every other means of recording any form of information, communications, or representation, including letters, works, pictures, drawings, sounds, or symbols, or any combination thereof. Consultant shall not be responsible for any unauthorized modification or use of such information for other than its intended purpose by City.

b. Consultant shall fully defend, indemnify and hold harmless City, its officers and employees, and each and every one of them, from and against any and all claims, actions, lawsuits or other proceedings alleging that all or any part of the information prepared, produced, or provided by Consultant pursuant to this Agreement infringes upon any third party's trademark, trade name, copyright, patent or other intellectual property rights. City shall make reasonable efforts to notify Consultant not later than ten (10) days after City is served with any such claim, action, lawsuit or other proceeding, provided that City's failure to provide such notice within such time period shall not relieve Consultant of its obligations hereunder, which shall survive any termination or expiration of this Agreement.

c. All proprietary and other information received from Consultant by City, whether received in connection with Consultant's RSQ or in connection with any Project Work Order, will be disclosed upon receipt of a request for disclosure, pursuant to the California Public Records Act; provided, however, that, if any information is set apart and clearly marked "trade secret" when it is provided to City, City shall give notice to Consultant of any request for the disclosure of such information. Consultant shall then have five (5) days from the date it receives such notice to enter into an agreement with the City, satisfactory to the City Attorney, providing for the defense of, and complete indemnification and reimbursement for all costs (including plaintiff's attorney fees) incurred by City in any legal action to compel the disclosure of such information under the California Public Records Act. Consultant shall have sole responsibility for defense of the actual "trade secret" designation of such information.

d. The parties understand and agree that any failure by Consultant to respond to the notice provided by City and/or to enter into an agreement with City, in accordance with the provisions of subsection c, above, shall constitute a complete waiver by Consultant of any rights regarding the information designated "trade secret" by Consultant, and such information shall be disclosed by City pursuant to applicable procedures required by the Public Records Act.
